Alex Durán

Senior Full Stack Engineer | E-commerce & Web Development

Barcelona, Spain • alexdanieldm@gmail.com • www.linkedin.com/in/alexdanieldm

Profile

Senior Full Stack Engineer with experience building and maintaining e-commerce and web applications using TypeScript, React, Next.js and Shopify. Skilled in frontend architecture, API integrations and responsive interface development, with a strong focus on maintainable code, documentation, development workflows and practical business outcomes.

Employment History

Senior Full Stack Engineer

Joined as Full Stack Developer

One More Agency | OMA • Barcelona, Spain • Hybrid

Jul 2024 - Present

- Develop and maintain e-commerce experiences across Shopify theme and headless architectures using Liquid, JavaScript, TypeScript, React and Next.js.
- Built the complete frontend of a React and TypeScript transportation platform from Figma designs, implementing responsive interfaces, authentication, forms, maps, chat functionality and integrations with backend services.
- Developed and maintained a Next.js storefront integrated with Shopify through GraphQL APIs, using Shopify as the commerce backend for a custom frontend.
- Build reusable components and development patterns to improve maintainability and consistency across client projects.
- Contribute to internal development workflows, documentation and CI processes to improve delivery quality and developer efficiency.

Junior Full Stack Developer

Sol Inc • Remote

May 2022 – Feb 2024

- Implemented an AWS Lambda function to support yearly membership purchases, enabling a new platform monetization flow.
- Developed and maintained user-facing interfaces across the platform using modern frontend technologies.
- Refactored existing screens for responsiveness and usability across mobile devices.
